Loretto Care Lens Final

Loretto Care Lens Final
Thursday, 27 April 2017
10am–3pm

Loretto Academy,
170 Crown Street,
Glasgow

Welcome

The Lens was set up in 2015, to help mission-driven organisations, like Loretto Care, to develop a culture of intrapreneurship and unleash the talent of their workforce.

The Lens works with organisations to encourage innovation and develop people and ideas. Their support means individuals at all levels of an organisation are given the time and space to come up with new ideas, refine and implement them, bringing about new ways of thinking.

This is the second year that the Lens has worked with Loretto Care.

It has been a fantastic opportunity for Loretto Care, our staff and the people we work for. From a community internet café, to walking football and a bee keeping social enterprise, we have all loved seeing ideas and innovations take shape and come to life – and I am sure the ideas that are taken forward today will be no different.

Today, finalists will be pitching their ideas to receive up to £20,000 to bring their ideas to life. They have already taken part in workshops to help them define and develop their ideas, and make sure they are engaging and sustainable.

After an incredible first year, we can't wait to see where the projects selected today will take us.

We encourage everyone to tweet about our event:

Cathy Fallon
Director, Loretto Care

2016: Winning ideas in action

The Intrapreneurial Journey of the Loretto Care Lens Finalists

Programme

Each pitch will consist of a 3–5 minute presentation and five minutes of questions from the judges of the Loretto Care Investment Panel.

10:00 Registration and coffee

10:30 Welcome from Steve McCreddie
– CEO, The Lens

10:45 Cathy Fallon – Director, Loretto Care

Pitch 1: Louise Brennan – Do Rey Mi

A choir for older people across Glasgow, open to all – whatever your musical skills and experience.

Pitch 2: Victoria Kidd, Community Beat Radio

Community radio station which supports, informs and involves the People We Work For.

Pitch 3: Christopher Cousins and Angus McLean, Men's Shed

A place where men can come together, share skills and information and work on joint and individual projects.

Comfort break

Pitch 4: Susan Paton and Lynsey Hansford, Home from Home

Taking on the lease of a flat and adapt it for respite care for people with learning difficulties or mental health problems.

Pitch 5: David Mandelson, Repair Café

Providing a place where a group of skilled volunteers will breathe new life into your items in need of repair, to avoid throwing them away.

Pitch 6: Maureen Grant and Rosalene Keogh, Employ-a-buddy

Create meaningful employment placements for the PWWF through voluntary mentoring placements and allocating a peer mentor, for the PWWF to shadow.

12:45 Lunch and judges' deliberations

14:15 Winners announced

14:45 Networking and coffee

The Lens would like to thank the following for their support and partnership:
